

ELVINBROOK

INFORMATION BOOKLET

Situated in the spectacular Spekboom River Valley on a winding road flanked by towering rugged cliffs, **Rivendell Trout Estate** is the perfect getaway. Build unforgettable memories while fishing for trout, going for nature walks and enjoying a game drive.

Our tastefully decorated cottages, are situated on the fast flowing Spekboom River which is regularly stocked with rainbow trout. Rivendell Trout Estate falls within the Mount Anderson Water Catchment Reserve, a Conservancy of many thousand hectares where kudu, bushbuck, duiker and bushpigs are prolific. Klipspringers are seen almost daily and leopard are seen regularly - occasionally even during the day. There is plenty of varied bird life to interest keen birdwatchers.

MONKEYS AND BABOONS

You will see **plastic** snakes on some windowsills. These are to deter baboons and keep them away from the cottages. Please be sure to close all windows and doors when you leave the cottage unattended. Please do not leave food, especially fruit on the outside tables. This will attract monkeys and baboons to the cottage.

HOW TO OPERATE THE GAS STOVE

HOBBITON and BAG END COTTAGES –
remove the protector plate which is required when using the grill. Turn the oven knob all the way to maximum; hold the knob in and press the button which creates a spark. The oven should light. Hold the knob in until the flame is burning well. Turn knob back to required temperature.

BUCKLEBURY, ELVINBROOK AND MIRKWOOD COTTAGES –

Turn the oven knob all the way to maximum. Hold the knob in. Light the oven with the lighter provided in the pilot hole located at the bottom in the centre front of the oven. Hold knob in until flame is burning well. Turn knob back to temperature required.

FIREWOOD

Extra firewood is available at R100 per sack.
Please ask your cleaner to get it for you.
Please leave cash in the envelope provided or EFT to:
J.S Brown
Nedbank Branch 124641
Current Account 1246570289

DRINKING WATER

While the Spekboom River water is potable, a filter has been installed in the scullery sink (small tap) for those who prefer filtered water.

CELLPHONE SIGNAL

There is very limited Vodacom cellphone signal in the valley. Whatsapp calls can be made when connected to the Wi-Fi
There is no MTN signal on the property

USING THE WI-FI

Wi-fi is free and there is no password.

* Alternatively if you drive up to "Klipspringer corner", where the quarry and gum trees are, you will get signal and be able to connect through your own hotspot.

FISHING ETIQUETTE AND RULES

- The river is regularly stocked with rainbow trout.
- Only fly fishing is allowed.
- Only **catch and release with barbless hooks** is allowed.
- There is a fish cleaning station at the back of the garage.
- Please dispose of innards and other waste in the bags and bin provided.
- Fishermen may keep **one** fish per fisherman.
Extra fish will be charged at R150/kg

Rivendell is primarily a fly fishing destination. Guests in each cottage have exclusive access to the river in front of their cottage. Please respect their privacy.

The remaining length of the river is open to guests from all the cottages for fishing and recreation, however please keep noise levels down and avoid playing in the water near fisherman. Noise and disturbance alarm the fish and spoil the fisherman's experience.

EMERGENCY SERVICES

DOCTORS - LYDENBURG MEDICAL CENTRE

013-235 2135 / 013 235 2205 / 082 201 2824 / 079 872 9426

RECOMMENDED RIVER FISHING FLIES

USE FLOATING LINE AND AS INDICATOR FLIES, SIZE 14 OR 16:

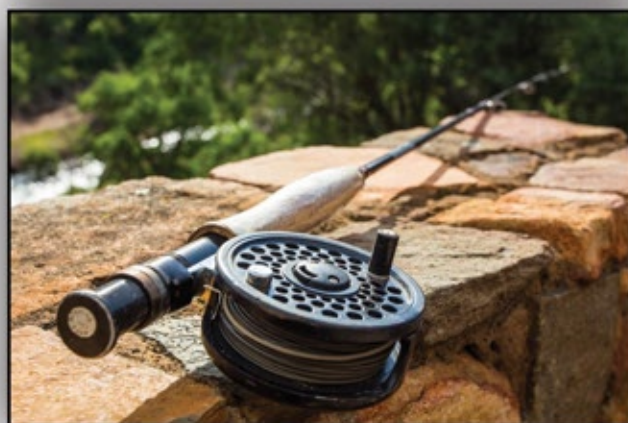

These flies have been used successfully:

- Black Woolly Bugger
- Black Red Eyed Damsel
- Blood Worm
- Pheasant Tail nymph - orange thorax
- Dark Prince Nymph
- Beadhead Harpo CDC nymph
- Muddler Minnow
- Rubber legged Caddis in orange and black
- DDD
- Caddis - standard and same with CDC
- Daves Hopper
- Parachute RAB
- Small Brown Woolly Bugger
- Black Ant
- Orange DDD

New Zealand Rig is popular and very successful.

THEN ATTACH APPROX 50CM TIPPET AND YOUR CHOICE OF:

- Prince Nymph
- P.T.N. Natural
- T.B. P.T.N.
- Tech Buzzer
- P.T.N. Flashback
- Copper John.

HIKING ,MOUNTAIN BIKING, WATER FUN

Due to the extremely rocky terrain and thorny bush, walking off road is extremely difficult and the possibility of falling into an old mine hole is ever present. Guests are welcome however to walk or bike any of the roads on the property, as well as the river banks.

On your walks you may notice the remains of the Gold Rush days of the 1870's – crumbling stone shelters, heaps of excavated stones and diggers pegs and claim boards, deep excavations and odd bits of rusting equipment. Also remains of stone walled villages built by the Bokone people some thousands of years ago.

The Spekboom River provides excellent swimming and tubing opportunities and guests are welcome to enjoy these without disturbing any fishermen.

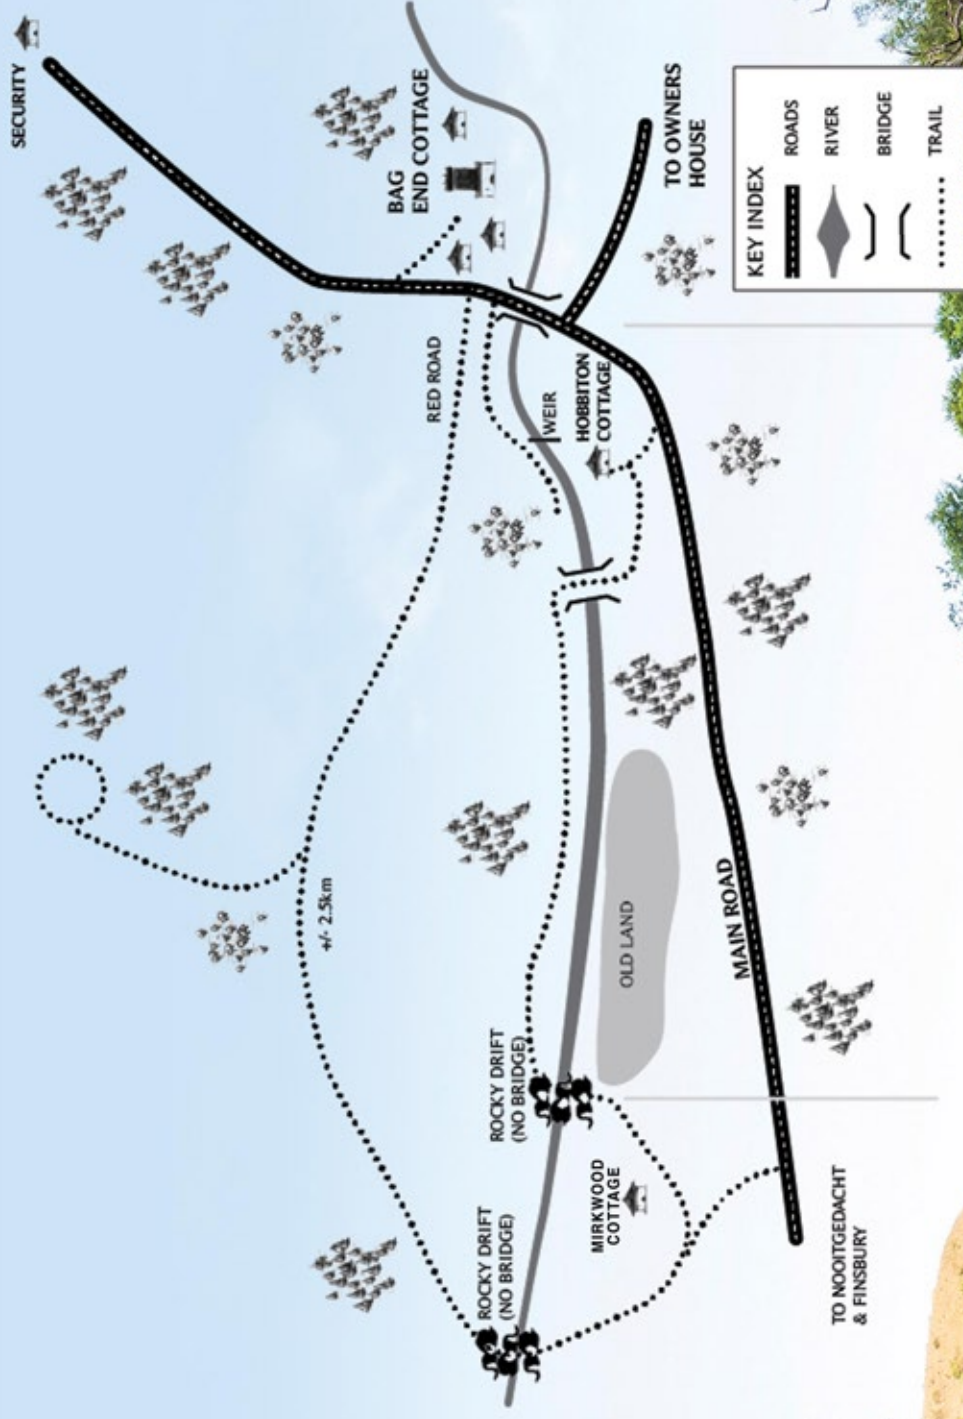

LEGAL DISCLAIMER - The area outside of the Rivendell perimeter is private property, do not enter these neighbouring properties. Right of admission is reserved.

WILDLIFE SPECIES LIST OF THE MOST COMMONLY SEEN ANIMALS

Kudu
Bushbuck
Klipspringer
Warthog
